## Education

Software Development Curriculum, **Base Camp Coding Academy (BCCA)**

Water Valley, MS (Expected Graduation May 2020)

An intensive one-year educational program that teaches full-stack application development, professionalism, and leadership skills. Meeting five days a week for forty hours, this program includes classroom lectures, business training, portfolio development, industry shadowing, and mentor programs.

High School, **Oxford High School**

Oxford, MS (Graduated May 2019)

Distinct Honors, National School of High School Scholars, Beta Club, JROTC

## Technical Experience

**Movie Theater Spring API** | *Java/Spring Boot* | February 2020

BCCA REST API project for managing movies and rating with Spring Boot

- Built using Java, Spring Boot, and PostgreSQL
- Tested API using Postman
- Performed database administration with PgAdmin
- Source Code on GitHub: <https://github.com/destinymalone/movietheater>

**Ascent - Student Initiatives Team** | *Python/Django* | December 2019

BCCA project created to demonstrate mastery of Django web framework

- Developed features required for users to create and manage student-lead initiatives and publish progress reports
- Maintained 100% test coverage
- Participated in morning stand-ups to gauge progress on the process
- Full production application: <http://bccca-ascent.herokuapp.com/initiatives/>
- Source Code on GitHub: <https://github.com/destinymalone/ascent>

**Library Management System** | *Python/Django* | August 2019

BCCA Backend project created to manage library inventory

- Developed routing, business logic, and database layer allowing users to check-in and check-out books
- Source Code on GitHub: <https://github.com/destinymalone/django-library>

## Work Experience

Job Shadowing, **C Spire**

Ridgeland, MS (March 09, 2020 - March 15, 2020)

- Shadowed different developer teams in an agile environment
- Engaged with different tools and Jira ticketing process

Security Associate, **WESS - A Gardaworld Company**

Oxford, MS (August 2019 - PRESENT)

- Monitor entry and exit points to specific areas throughout campus and stadium for 30,000+ visitors
- Maintain open and smooth access routes throughout the seating and concourse area

Advocate, **Community Team - Base Camp Coding Academy**

Oxford, MS (October 2019 - PRESENT)

- Initiated and led an attendance campaign to increase participation amongst Base Camp students.
- Taught Davidson Elementary students coding skills with JavaScript, HTML, and CSS

Crew Member, **McDonald's**

Oxford & Biloxi, MS (June 2017 - May 2019)

- Respond to a fast-paced environment and manage customer traffic efficiently, during peak times
- Maintained high standards, during high-volume operations, to create a customer-friendly atmosphere.
